

# Blockbuster Business Etiquette

Earn this exclusive Blockbuster Business Etiquette Patch by holding a booth sale at a Blockbuster store and completing the tasks on the checklist below.

By participating in the patch program, girls will have the opportunity to practice business etiquette skills such as proper introductions to management, faithfully following store rules and guidelines, maintaining a clean and neat booth area and ensuring that they do not interfere with Blockbuster's normal business operations.

## At the start of your shift:

- We arrived on time
- We wore a Girl Scout uniform (Girl Scout t-shirt, sash/vest, or membership pin)
- We introduced our troop to the Manager/Supervisor (shake hands and make eye contact)
- We briefly explained the purpose of the Cookie Program to the Manager/Supervisor
- We briefly explained our troop goal and what our troop is planning on doing with our earnings
- We asked the Manager/Supervisor where to set up our booth sale
- We asked the Manager/Supervisor what their booth sale rules were, and we followed them

## Before you leave:

- We picked up all of our trash and packed it up to take home
- We thanked the Store Manager for letting our troop use their store and asked if there was anything else he/she needed from our troop
- We packed all of our supplies and left on time

*I verify this troop has completed the above requirements to earn the Blockbuster Business Etiquette Patch.*
