Good Turn Project

Service Opportunity

Good Turn Project is a collaborative service opportunity with Goodwill Industries of Dallas and Girl Scouts of Northeast Texas to help individuals with disabilities and disadvantages who need special job training.

Girl Scouts will be collecting thousands of pounds of usable clothing and household items that Goodwill can sell in their stores. The money from these sales funds job training for people in the community, helping them to become self sufficient wage earners to become independent.

How Good Turn Project Works

The Good Turn Project begins October 1st and ends October 31st. Girl Scout Troops/Groups can collect usable personal and household items and take bags to designated Dallas Goodwill drop off points. Each girl who collects at least two or more bags (7-10 gallon size) will receive a FREE patch. Patches will be available in early December 2011. The troop with the most donated goods will receive a FREE Pizza Party.

Forms are available on the Girl Scouts of Northeast Texas at www.gsnetx.org/goodTurn. All forms should be sent to 6001 Summerside Drive, Dallas TX 75252.
